## Online-course German - Speexx Live

Speexx Coach is the award-winning choice if you require a flexible language course schedule. The online language training solution with self-paced training software allows you to work at your own pace, 24/7. A personal coach will guide you pro-actively through a fully personalized learning path - just like a real trainer.

The following topics will be covered:

- Online placement test to determine the appropriate starting level
- Interactive online language learning program for 6 months
- Individual introduction into software use on the phone or in the virtual classroom
- 6 months active coaching with a native speaker (weekly learning assignments with individual homework correction, adjustment of the route to educational success and regular feedback on your learning progress) - at least two contacts per week
- Unlimited number of training sessions in the virtual classroom
- Your personal trainer is always available (responds within 24 hours)
- Mobile vocabulary training for your smart phone or tablet
- Final test and certificate.

Speexx Live offers you a flexible, trainer-supported online language course with the three elements learning software, personal coaching, and live communication with trainers and fellow students in a virtual classroom. In the virtual classroom, learning contents are covered in depth and communication skills are improved by chats, online assessment of learning progress, and oral communication via the microphone. Learn the language with your personal teacher! The eight competency levels are in line with the European CERF level system. Clearly defined learning objectives provide a high degree of goal orientation. The course comprises 24 weekly lessons and requires a self-study time of about 90 minutes per week. This course is carried out in collaboration with Speexx | digital publishing AG, Munich Enrolment to join the course is possible at the beginning of any month.
